# BIO

The Netherlands,  
Bienke Domenie and Sara Degenaar, two visionary artists and designers, joined forces to establish Forever Studio, based in the vibrant city of Rotterdam. With a shared passion for artistic expression and a keen eye for design, they are redefining the boundaries of furniture, installations, and spatial designs. Forever Studio is a haven where the duo's creativity intertwines, enabling them to explore the realm of aesthetics and functionality with their distinctive approach. Their collaborative practice is driven by a deep desire to craft truly one-of-a-kind furniture pieces that blend seamlessly into various environments. Each creation is meticulously designed, resulting in functional art pieces that push the boundaries of conventional design and engage the senses in unexpected ways.
